Good afternoon Gary,

This is what I am proposing. Please note the Square Yard quantity is based on those provided by Nash Associates.

- 1. Provide traffic maintenance and safe employee access and egress during all phases of construction.
- 2. Excavate and stockpile on site existing top soil.
- 3. Place 6" of crushed aggregate and fine grade for proper elevation and drainage of new pavement.
- 4. Place type "C" hot mix on approximately 1,741 SY.
- 5. Clean up and remove any debris generated buy our construction activities

Total \$ 40,050.00

Please note this quote is based on **private wage rates**. If work is to be performed using state scale wages the owner will need to contact the department of labor for a wage determination.

Thank you,

Pete
